

## CELEBRATION OF WORLD CANCER DAY ON 4TH FEBRUARY, 2025

**Report on Awareness of Anti cancerous properties of Herbal Medicinal plants organized by UG Department of Science, Guru Nanak Girls College, Model Town, Ludhiana.**

To mark WORLD CANCER DAY, the power of medicinal plants for treatment and prevention of cancer was briefly explained to enhance sustainable living and improving the life span, **U.G. DEPARTMENT (SCIENCE)** of GURU NANAK GIRLS COLLEGE, Model Town, Ludhiana has launched a campaign to promote **Kitchen Gardening and Herbal plants** among students for household and communities on **4th February 2025**.

To ensure organic and chemical free produce and to promote environmental sustainability, awareness-cum-guidance on anti cancerous properties of herbal plants like **Musli, Shatavari, Aloe Vera, Giloy, Turmeric, Fenugreek, Ocimum, Insulin, Ginesing, Vajradanti, Patchouli, Karkara, Lemon grass, Basil**, was provided in our **Herbal Garden**. The students were urged to adopt eco-friendly practices and to make their homes self-sufficient in food and herbal medicinal plants.
